

## A VIEW INTO MY STUDIO

Wax on! Wax Art! - (3 hours)

Catch the buzz and join Cheryl as she shows us ways to use encaustic wax and beeswax to create original works of art using the Purple Cows Melt Tool and the Ranger Melting Pot. We will incorporate a little PanPastels to add more dimensions and create layers of interest that will have your mind busy as a bee with new ideas. This is a hands-on class that will be so much fun exploring this versatile medium.

### Student Supply List

- Basic class kit (see your store for details)
- Nonstick craft mat & Heat tool \*\* must have
- Natural hair 2" paintbrush
- Collage items from your stash
